MAIL STOP AMENDMENT
Commissioner For Patents
P.O. Box 1450
Alexandria, VA 22313-1450

DECLARATION OF FORREST B. PHILLIPS
UNDER 37 C.F.R. § 1.131

Sir:

I, Forrest B. Phillips, state and declare the following:

1. I am the sole inventor of the above-identified patent application. I make this Declaration in support of a response to the Office Action mailed February 21, 2007 filed herewith in connection with the above-identified patent application.
2. This Declaration is to establish conception of the claimed inventions prior to August 25, 2000 (the effective date of U.S. Design Patent No. D460,141) coupled with diligence from prior to August 25, 2000 up until an actual reduction to practice.

Conception

3. Prior to August 25, 2000, I conceived the inventions recited in claims 6-8, 10, 88, 102, 103, 108-110, 114-116, 118-121, 128, 129 and 133-141 of the above-identified application as listed in the response filed herewith. Specifically, I conceived the concepts related to the inflatable activity slides as recited in independent claims 114 and 128 and the above-mentioned dependent claims.
4. Attached hereto as Exhibit A is a true copy of a sheet of drawings that I sketched of several different views of an inflatable activity slide. I signed and dated this sheet. The date of the sketch is redacted, and is prior to August 25, 2000.
5. Attached hereto as Exhibit B is a true copy of two pages from one of my personal notebooks. I wrote these notes in preparation for a meeting I made with a potential manufacturing partner. I signed and dated these notebook pages. The date is redacted, and is prior to August 25, 2000.

Reduction to Practice

6. I diligently pursued these inventions from a date prior to August 25, 2000 until an actual reduction to practice which occurred on November 3, 2000. Attached hereto as Exhibit C is a true copy of three photographs of a prototype of my design which was constructed under my direction and illustrates an actual reduction to practice of these inventions.
7. Prior to August 25, 2000, I recognized that I would need assistance in the construction of a prototype. In particular, I had not yet formed a manufacturing partnership with a manufacturer capable of constructing a prototype. Beginning at a time prior to August 25, 2000, I researched companies that had the capabilities to construct a working prototype.
8. My research included various activities to identify and engage a company that could construct a prototype according to my design. On September 11, 2000, my business partner and I met with the owners of one company to discuss the possibility of building a prototype. Attached

hereto as Exhibit D is a true copy of a website page for this company that my business partner printed on August 30, 2000 in preparation for our meeting with the owner of the company.

9. On September 23, 2000, I attended "Fun Expo 2000," a tradeshow at the Las Vegas Convention Center, to meet additional contacts at companies for the purpose of identifying a company with the capabilities to construct a working prototype. Attached hereto as Exhibit E is a true copy of an email confirmation of registration of this event sent September 20, 2000. Also, attached hereto as Exhibit F is a true copy of my itinerary for this tradeshow.
10. In October of 2000, I followed up with one of the contacts that I met at the tradeshow to discuss the possibility of their company building a prototype based on my design. Attached hereto as Exhibit G is a true copy of a fax I sent to this company on October 11, 2000 to obtain a quote for building a prototype. The first page of the fax is a cover sheet and the second page of the fax has a drawing of my invention that I prepared for the purpose of obtaining the quote.
11. On October 18, 2000, I sent a letter to this company with a check to be used as a deposit for constructing the prototype. Attached hereto as Exhibit H is a true copy of this letter.
12. On November 3, 2000, the construction of the prototype was completed and I received an invoice for building the prototype. Attached hereto as Exhibit I is a true copy of this invoice that I received.
13. As seen from the foregoing, I conceived the inflatable activity slide as recited in claims 6-8, 10, 88, 102, 103, 108-110, 114-116, 118-121, 128, 129 and 133-141 of the above-identified application claimed prior to August 25, 2000, and I was diligent from prior to August 25, 2000 up until an actual reduction to practice on November 3, 2000.

14. I, the undersigned, declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true, and further, that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under §1001 of title 18 of the United States Code, and that such willful false statements may jeopardize the validity of this document and any patent which may issue from the above-identified patent application.
